

Django 更改中文預設介面

C:\Users\226083\django_test\myweb\myweb\setting.py

第106行：語言設定

第108行：時區設定

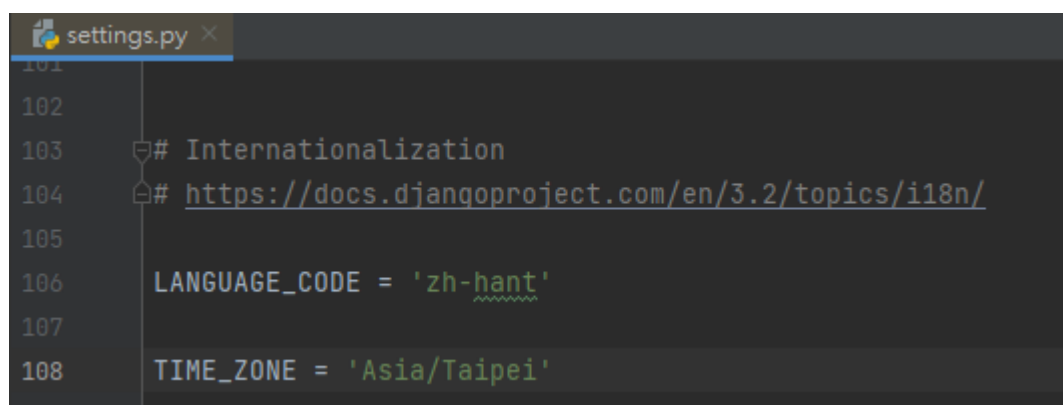

The screenshot shows a code editor with the file 'settings.py' open. The code is as follows:

```
101
102
103 # Internationalization
104 # https://docs.djangoproject.com/en/3.2/topics/i18n/
105
106 LANGUAGE_CODE = 'en-us'
107
108 TIME_ZONE = 'UTC'
```

改成

```
#修改預設語言為<繁體中文>
LANGUAGE_CODE = 'zh-hant'
#修改時區為<亞洲/台北>
TIME_ZONE = 'Asia/Taipei'
```

The screenshot shows the same code editor with 'settings.py' open, but the settings have been updated:

```
101
102
103 # Internationalization
104 # https://docs.djangoproject.com/en/3.2/topics/i18n/
105
106 LANGUAGE_CODE = 'zh-hant'
107
108 TIME_ZONE = 'Asia/Taipei'
```

=====

再次“啟動網頁伺服器進行測試”

```
cd myweb
```

進入專案目錄 myweb

```
py manage.py runserver
```

啟動 web server

以瀏覽器開啟 <http://127.0.0.1:8000/>

將出現以下畫面，可按 Ctrl + C 終止執行(在Anaconda prompt裡面按下終止指令)

變成中文介面了 ↑
